

JOIN THE FIGHT FOR AFFORDABLE POWER

Rural Friends/ACRE makes the voice of electric co-op consumers heard in the Texas Legislature and U.S. Congress. Rural Friends is the nonpartisan political action committee that supports candidates seeking election to the Texas Legislature. It operates under a set of bylaws and the policies of a board of directors composed of electric co-op leaders elected from around the state. ACRE—the Action Committee for Rural Electrification—supports candidates for the U.S. Congress.

Membership is strictly voluntary and consists of people who have an interest in preserving and defending our local electric co-ops. Rural Friends/ACRE raises personal, voluntary contributions from supporters who care about our co-ops and the communities we serve.

Contributions go to candidates for state and federal office who have demonstrated support for electric co-op goals, who share co-op values and who want electric co-ops to be successful. Support is based on voting records on legislation affecting electric co-ops, statements on co-op issues, and historical stances on those issues.

Joining is Easy by simply filling out and mailing the form below along with your check to add your voice to those electric co-op leaders who are “making a difference” for electric co-ops in Austin and Washington, D.C.
