CLINT BEDSOLE

CoServ Electric Board,
District 4 Director

ClintBedsole@coserv.com

COMMUNITY SUPPORT

I was privileged to be part of a CoServ team that provided lunch to Little Elm employees recently, letting them know we appreciate their service during difficult times.

Clint Bedsole (back row, center) joins Town of Little Elm police officers, other town employees and CoServ crews for lunch as a show of support.

In January, CoServ Employees attended a candlelight vigil for Little Elm's slain veteran police detective and stood on at attention beside bucket trucks displaying the American flag as the funeral procession passed by.

Most communities see us through grants to numerous nonprofit organizations across Denton, Collin and surrounding counties from the CoServ Charitable Foundation (CCF). Since 2004, your generosity has allowed us to distribute more than \$8 million to hundreds of agencies and worthy causes throughout North Texas.

But during a time of loss, sharing a meal and a bit of fellowship reminds us of our human connection and fosters understanding and appreciation for one another. We feel lucky for the opportunities to be of some support during the tough times that Little Elm has had to face.

Thank you for your support in helping us do this.

Ways to Save

Why does CoServ offer rebates for energy efficient purchases? When CoServ Members lower their energy use, they also lower CoServ's power costs.

The 2017 CoServ Rebates Program is designed to make your purchase of energy efficient products easier. If you're ready to replace your HVAC unit, heat pump, water heater, pool pump or light bulbs, let CoServ help.

Send in your application for a credit to your account. Then, mark the date on your online account and watch the savings begin. It all starts at CoServ.com/Ways-to-Save.

Save the Date: June 8 Annual Meeting

CoServ's Annual Meeting and Member Appreciation Night will be earlier than usual this year – **June 8** – so please mark your calendars. Three CoServ Electric Board Director seats will be up for election. Like last year, the Annual Meeting will feature fun activities for kids, opportunities for CoServ Members to talk to trusted energy advisers about rebates, energy efficiency and solar programs, and, of course, the chance to win fantastic door prizes. Join us at the University of North Texas Coliseum in Denton to hear the results of the election, share a delicious meal and learn about your co-op's bright future. For more information, visit CoServ.com/AnnualMeeting.

Visit CoServ.com for daily updates from our social media channels and Inside the Lines blog.
