

# Direct Lines

Volume 3, Issue 2

March 2017

**LEON PELZEL**

CoServ Electric Board,  
District 2 Director

LeonPelzel@coserv.com

## NEIGHBOR HELPING NEIGHBOR

CoServ Employees joined me in celebrating the open house for Born 2 Be Therapeutic Equestrian Center at the Winterhaven Ranch in Aubrey.

**Wayne Willsie**

## Ways to Save

Why does CoServ offer rebates for energy efficient purchases? When CoServ Members lower their energy use, they also lower CoServ's power costs.

The 2017 CoServ Rebates Program is designed to make your purchase of energy efficient products easier. If you're ready to replace your HVAC unit, heat pump, water heater, pool pump or light bulbs, let CoServ help. Send in your application for a credit to your account. Then, mark the date on your online account and watch the savings begin. It all starts at [CoServ.com/Ways-to-Save](http://CoServ.com/Ways-to-Save).

and **Sandi Holt**, who own and operate Winterhaven, offered a home to the local nonprofit because "it was the right thing to do." The agency helps people of all ages physically and mentally through horseback riding and carriage driving.

Born 2 Be is also using a \$7,500 CoServ Charitable Foundation (CCF) grant to purchase a covered hay feeder to keep hay bales dry at their new location off Spring Hill Road.

It is humbling to find out how much these CCF grants mean. We couldn't support nonprofits without assistance. Your monthly donations by rounding up bills through Operation Roundup® help make a difference for many.

Neighbors helping neighbors is how Denton County Electric Cooperative started in 1937, and it's reassuring to see that this spirit is alive and well in 2017.

## Save the Date: June 8 Annual Meeting

CoServ's Annual Meeting and Member Appreciation Night will be earlier than usual this year – **June 8** – so please mark your calendars. Three CoServ Electric Board Director seats will be up for election. Like last year, the Annual Meeting will feature fun activities for kids, opportunities for CoServ Members to talk to trusted energy advisers about rebates, energy efficiency and solar programs, and, of course, the chance to win fantastic door prizes. Join us at the University of North Texas Coliseum in Denton to hear the results of the election, share a delicious meal and learn about your co-op's bright future. For more information, visit [CoServ.com/AnnualMeeting](http://CoServ.com/AnnualMeeting).

Visit [CoServ.com](http://CoServ.com) for daily updates from our social media channels and Inside the Lines blog.
